RESPONSE TIME

Dedicated account team, transparent lead times and flexible MOQ — production scheduled around your retail calendar.

Four reasons brands stay with us.

Certified materials, in-house R&D, strict quality control and full private-label capability — the four things that decide whether a launch lands.

01	OEM / ODM & private label	Formula, size, artwork and packaging tailored to your market — from the first sample to a shelf-ready carton.
----	---------------------------	---

02	In-house R&D	10+ exclusive patents and our own laboratory for core structure and eco-material development.
----	--------------	---

03	Certified eco materials	FSC pulp, TCF chlorine-free processing and Ok-biobased tested bamboo viscose across the range.
----	-------------------------	--

04	Capacity & quality	10+ lines, 280×40HQ a month, 30+ QC staff on site and a response desk that runs 24/7.
----	--------------------	---

One partner from raw material to retail shelf.

Certified materials, verifiable quality.

Audited, certified and sourced from global top-500 suppliers — quality you can check before you commit to a container.
